"POP" POPPENHEIMER — PIED PIPER OF CENTREVILLE

"Pop" to Supervise GMC Teen and Youth Clubs

As the fable goes, there once was a Pied Piper of Hamlin who went about the city gathering youngsters right and left . . . No need to go any further because that's where the similarities between the Pied Piper of Hamlin and the Pied Piper of Centreville end.

"Pop" Poppenheimer, father of six grown children and an active member of the GMC Roving Clippers, has a strong belief regarding youngsters and motorhoming — they go together like butter and jelly.

How well "Pop" remembers the ramping years with his own children and how they were always disappointed to have to leave a campground when they were just getting to know the other kids there. So, when "Pop" arrived at Centreville, his first project was to round up all of the

Pop Poppenheimer, honorary supervisor for the GMC "Little Buggers" and "Travel-n' Teens" Clubs.

GMC kids and break the ice immediately. And the kids really appreciated "Pop's" efforts. One GMC teen said: "I'm not really shy but without "Pop," I wouldn't have met half the kids I did — he really helped us all get acquainted."

Once the kids were well acquainted and having a great time together, "Pop" set about helping to organize the "Name the Clubs Contest" which ran quite smoothly due to his efforts.

So, the kids couldn't have been happier when he volunteered to supervise the GMC "Little Buggers" and "Travel-n' Teen" clubs.

Although it is too early to announce any specific plans for the teen and youth clubs, "Pop" has all of the ingredients for success in mind. "To begin with," he said, "the kids need a common meeting place at future rallies. There, they can take care of club business and organize their own activities. Also, we are going to begin a special Teen and Youth Club Column in the "Traveler." So, I'd like the youngsters to start sending their articles and suggestions in to the "Traveler" as soon as possible."

As you can see, "Pop" has plans, the kids have plans, and together they are surely bound for success and good times thanks to "Pop" Poppenheimer, the Pied Piper of Centreville.

GMC MOTORHOME OWNERS PHOTO CONTEST

A national photo contest for GMC Motorhome Owners has been announced by Cliff Brackett, photography editor for the "GMC Motorhome Traveler." The contest is open to all GMC owners and GMC Motorhome Owners Club members and offers prizes as well as national recognition for winning entries.

The theme of the contest is "GMC Motorhoming — The Good Life" and, therefore, all entries should depict some phase of GMC Motorhoming. Some topic suggestions are: pictures of GMC participation at FMCA and other motorhome rallies, GMC Chapter Rallies, GMC Club Fun-tivities and Club officers, or a memorable vacation with your motorhome.

Final judging and prize awarding

will take place at the upcoming GMC Grand Ole Opry Rally in Nashville, Tennessee, October 21-24. So, it is suggested that entries be mailed as soon as possible.

To become eligible for photo contest prizes and recognition, simply choose ten to twelve color slides of GMC Chapter Rallies, club activities, etc., include a one-sentence caption for each, along with your name and address, and mail them to:

LETTERS TO THE EDITOR

Dear Maryann:

Following the FMCA GMC rally in Harlingen, Texas, we invited four Texas families (Bob & Normah Knight, John & Mary Scritchfield, Walter & Erna Beyer and Bud & Sue Wolf with their daughter Stacy) to join us in an overnight campout on Padre Island with their GMC Motorhomes before parting for home.

We arrived at the island late in the

afternoon and positioned our motorhomes in a U-shaped pattern with the open end to the sea. We then made a campfire to cook our steaks. The sunset was beautiful. We had salad, coffee and made hobo pies while we sat around the campfire and talked about the wonderful time we were having on South Padre Island, Texas.

There, on the Gulf of Mexico, Normah Knight, a professional artist, gave an interesting demonstration of how she paints from inside her GMC Motorhome.

Sitting in the front passenger seat with her easel between the driver's seat and passenger seat, Normah gets a panoramic view of what she will paint and, at the same time, enjoys all the luxuries of home. Normah's husband, Bob, goes along with her when he is able to leave his work for a day or two. And incidentally, he sure brews a fine Texas cup of coffee.

Normah is a native Texan living in Harlingen and is an impressionistic

realist. She strives to present her impression of the many places she has visited and sketched. She has studied under Harry Anthony DeYoung, Peter Hondstedt, Dean Cromwell, Frank J. Reilly, Richard Seyfert, Henry Gasser, Frederic Taubes and other great teachers in this country and at the Julian Academie in Paris. Her paintings are found in many public and private collections and she has murals in several public buildings. She has won numerous awards and belongs to many art groups, including Artists and Craftsmen Associated and the American Artists Professional League. She is well known for her portrayal of Sunshine and for her Beautiful Skies. She is listed in "Who's Who In American Art," "Who's Who of American Women," "Texas Women of Distinction" and the "Dictionary of International Biographies."

As you can imagine, our stay on Padre Island was a most memorable one indeed. So, I wanted to let other owners know about the Island and Normah Knight, a most interesting and talented GMC Owner.

Sincerely,
Alex & Bea Birch
Clawson, Michigan

THRU THE WINDOWS Mac & Gloria McDonnell L-6006

The "FMCA National Rally," at Centreville, Michigan, is now sweet history, and we would like to offer our many "Thanks" to all the GMC Motorhome Owners who attended the rally, for it was each of you who contributed to the success and enjoyment of the occasion. Also, a special thanks to those GMC Club Members who helped park our coaches, those who registered new arrivals, and to everyone who contributed toward the Fun-tivities for the benefit of all of us.

Speaking of thanks, how about a big hand for the GMC Service Representatives who worked round-the-clock teaching us more about our motorhomes.

"Through the Windows" at Centreville we saw the teamwork and comradery of all GMC people earn the highest regard and status for our Club. Now, it is time to turn our atten-

tion toward Nashville and our club's first national rally.

GMC GRAND OLE OPRY RALLY

Several weeks ago, Gloria and I made a test run into Nashville so that we might judge the value of holding our GMC Club Rally within the scope of this area. We were amazed at the tremendous amount of interesting things to do and see in Nashville, especially the many historical attractions for you history buffs.

In Nashville you will find the world's only full-scale reproduction of the

famous ancient Greek Temple, the Parthenon, and the Antebellum Belle Meade Mansion, long famed as the "Queen of Tennessee's Plantations." There are also the historic Hermitage Properties, the home of President Andrew Jackson, and the gardens which were designed for General Jackson's wife Rachel in 1819, and remain today as beautiful examples of early American landscape art.

Of course, above all, Nashville is "Music City U.S.A." and you have to be there to feel the exciting pulse of this vibrant community expressing itself in the sounds and songs which are truly American.

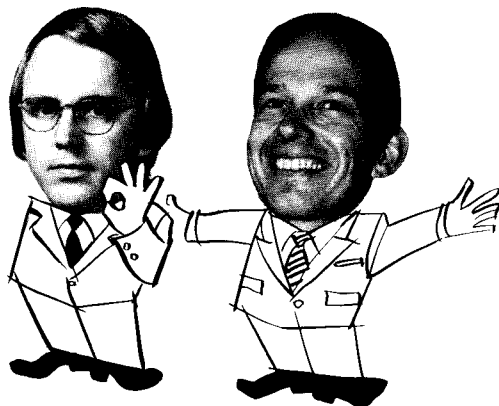

The best part of our Opryland Rally is that it takes our gals out of the galley for the most part, and the admission includes campground fees, bus tours, meals, admittance to Opryland, transportation to and from places where the events will be held, and tickets to the performance of the Grand Ole Opry.

For the time of our lives, come to Nashville where we will play together, dine together, sing together, and have plenty of music for dancing and enjoying the sounds of "MUSIC CITY U.S.A."

Drive them safely, and see you all in Nashville.
